

## Snail on the Nail: 101 Riddles for Better Spelling (Vocabulary Builder for Kids Book 4)

The book is mainly a word play to make you remember the spelling. It helps you create your own answers as there is no one answer to any question. You may come up with as many answers as you can. There are 101 riddles in the Section A, and questions in the Section B to test whether or not you can recall what you've studied. You can use this book for self study or to play with your friends. By using the methods with your friends, you are not only improving your word power, but also helping them. The rules of the game: 1. The keyword in the answer should be from the bold word in the question. 2. The letters in the answer keyword should be in the same order as in the question. If you break the keyword into two, you may change the sequence of the words. 3. Ignore the above and create your own rules.
