

# How to Prepare for When the Sh#t Hits the Fan: A VERY Short Guide to Surviving the Apocalypse

The recent Ebola scare has many Americans on their toes and filled with dread, but the truth is that the danger of a nationwide (if not global) crisis is pretty much always there. I was inspired to write this short but informative guide, because the majority of the United States populace does not understand the imminent threats. You should take steps to be prepared for ANY disaster or crisis, be it Nuclear, Astrological, Chemical Warfare, Food Shortages, Viral, EMP (Electromagnetic Pulse) or anything that could trigger Marshall Law being declared , as such situations could spiral out of control quickly.
