

# Preppers Survival Pantry: Preppers Survival Guide to Emergency Food and Water Storage When Disaster Strikes

Can you save a life? During emergencies and disasters, having safe drinking water and nutritious foods can make a difference between life and death! How prepared are you for emergencies and disasters that might happen in your community? Do you have access to emergency supplies? Do you have a survival kit ready for you and your family? Is there enough food and water to sustain you and your family for days or even weeks in case outside help is not available? Are you ready to save a life?

Fighting for survival is based not only in strength but in knowledge and skills. Be the hero you've always wanted to be by reading this book and learn how you can save your family! In this book you will learn:

- How to store food for emergencies
- How to cook without electricity
- How to make your own canned foods
- How to sustain health with limited food source
- How to store water
- How to find water sources
- How to prepare and treat water
- How to prepare a disaster survival kit
- And much more!
