

## In Tune with the Moon 2012: The Complete Day-by-Day Moon Planner for Growing and Living in 2012

Updated for alignment with the 2012 lunar cycles, this detailed guide includes information on the waxing and waning moon, the constellations and the Chinese zodiac, and an abundance of gardening tips. The effects of the moon on plants, flowers, fruits, and vegetables are explained in simple but ample detail, and recommendations for the ideal times to sow, transplant, rotate crops, and harvest are provided. This guide explains how animal husbandry, beekeeping, and even beer brewing and wine making yield better results when done in concert with the lunar cycle. In addition to gardening and farming advice, suggestions for living life in tune with the moon are offered, such as the optimum time for a haircut or even when and what to eat. An extensive color-coded daily diary section makes it easy to record reminders and daily gardening tasks. This biodynamic approach to gardening in harmony with the moon is a simple and green way to boost garden yields and live a better life.
