

## When natural disaster strikes: A survival guide for natural disasters

It is only a matter of time before you are impacted by a natural disaster. Hurricanes, tornados, floods, earthquakes, wildfires and winter storms unleash Mother Natures fury all across the globe causing billions of dollars in damage, and taking countless lives. Natural disasters are scary, but with the right plan and preparation, they can be manageable. Preparing for Natural Disasters cover six different types of common natural disasters, and gives you and your family tips to survive them. It teaches you how to form a solid disaster plan that will help you stay organized and weather the any storm. Remember, the best way to survive a natural disaster is to plan ahead!
