

Fun With Letter Forms

Fun with Letter Forms offers a variety of activities to help children write letters with confidence. The tracing, colouring, dot-joining activities develop hand-eye coordination, recognition of vowels and forming different letter shapes. Many of the letters are grouped in families (letters of similar shape). As each new letter is introduced, children are encouraged to trace the letter with their finger, say the letter, say the sound it makes and then think of words that begin with this sound. Previously published as At Home with Letter Forms, this new title has been fully revised and updated to ensure it is in line with current Foundation Stage Profile requirements. The design has been improved to make the activities very clear and easy to follow.
