

50 Walks in Lancashire & Cheshire

Walking is one of Britain's favorite leisure activities, and these guides feature a variety of mapped walks to suit all abilities. The books feature all the practical detail you need on 50 walks of 2-10 miles, accompanied by fascinating background reading on the history and wildlife of the area, as well as other local points of interest. All walks are annotated with places to visit along the way, including tea rooms and pubs, with extra details on their character and the food on offer. Full-color maps include information on the route linked to clear route directions. Every walk is given a summary of distance, time, gradient, level of difficulty, type of surface and access, landscape, dog friendliness, parking, and public toilets.
