

## A Dictionary of English and Romance Languages Equivalent Proverbs

This dictionary assembles 3,246 English proverbs and thousands of equivalents in five national Romance languages: French, Italian, Spanish, Portuguese and Romanian.

The Dictionary is a very useful reference tool for scholars of these languages, for researchers working in various associated fields such as linguistics, literature, folklore, anthropology, psychology, sociology, history, and for workers in newer areas such as advertising and contemporary media. The Dictionary is also of benefit to diplomats and politicians who try to improve their communication by sharing ideas formulated in some common meaningful expressions; it will assist interpreters and translators, and teachers and students for whom it is important to understand not only what the target culture expresses in the same way as their own, but also what is formulated in a different way. Finally, the Dictionary will be of great interest to non-professionals who, for the sheer enjoyment of it, wish to savour the wisdom, wit, poetry and the colourful language of proverbs.
