

A Mythological Reference

With over 4, 000 entries, this mythological reference book is but a stepping stone to the world of mythology. This book is a tool to provide basic information on a wide spectrum of beings, objects, and ideas. From Greek and Roman myths to the myths of the Inuit and the Russians - the material is presented to help you enter into the world of myths; such as The Iliad , The Odyssey, and the Egyptian Book of the Dead. A quick reference book divided into sections representing the different parts of the world. Although the majority of items deal with European mythology, there are ample references to other parts of our historical past.
