

## A Voice in the Wilderness / All Aboard

For a tale a bit Old World, maybe Other World, yet down to earth, read A Voice in the Wilderness. Find truth, practical and metaphysical, that a pilgrim found on mountain tops. The author lectures on pilgrimage, a spiritual exercise largely discarded by modern society. Detailing the fiscal and physical costs, this book also describes the rewards of picking up the staff and accepting the challenge of pilgrimage. As if that's not enough, rounding the Earth by train is also illuminated, for fun and for free, in All Aboard! Enjoy. About the Author Call me Pilgrim. That's the Pilgrim of St. James or El Peregrino de Santiago. My trail name on the Appalachian Trail is lifted from another legendary trail I completed, El Camino de Santiago, the great medieval pilgrimage to the tomb of St. James, patron of pilgrims and of Spain. My message is more important than I as I am merely a voice in the wilderness. If you want to know more about me read this book. Still want to know more? Read A Pilgrim's Progress-Possibly or Hikin to Hell n Back. Another Dead Man Walking is a work in progress. You may contact me at: [truedemocracyusa@hotmail.com](mailto:truedemocracyusa@hotmail.com)
