

Colonialism [3 volumes]: An International Social, Cultural, and Political Encyclopedia

The most exhaustive reference work available on this critical subject in world history, focusing on the politics, economy, culture, and society of both colonizers and colonized. 600 entries covering ideologies, religions, theory, geography, imperial nations, colonies, colonized regions, ethnic groups, individuals, and treaties. Contributions from an international team of academic experts in history, political science, economics, sociology, and other social sciences. A collection of documents representing each imperial power as well as primary sources relating to multiple empires and areas of the world to provide a deeper understanding of the processes of colonialism, which encompassed virtually the entire globe. Extensive chronologies of various imperial empires (Austro-Hungarian, Belgian, British, Danish, Dutch, French, German, Italian, Japanese, Ottoman, Portuguese, Spanish, Swedish, Russian, and United States) provide context for the diverse entries.
