

Alive and Alone

From the Author of Simple Survival & Adrift On a trip to the Lake Clark area of the Alaskan bush, a sudden arctic weather system forces down the small plane of Dr. Jim Wade, and his son David. Both have survived the crash, but not unscathed. Food, fire and shelter are all a priority. Following the death of his father, it is up to David to figure out what to do next, and how to survive, on a remote Alaskan mountain - in winter! This is a story of survival, resilience and of the spirit to live. Although a fictional story, it is both authentic and accurate, having been written by a former Air Force life support survival instructor. For ages 13 and up. * Revised edition, as of 8/14/13 (Corrects some text size issues with certain ereaders)
