

Angel Messages: The Complete Book of Celestial Answers to Your Every Question

As author of this useful book, Juan Nakamori, comments: These 177 messages were sent to me by the angels. If you have a question that you cannot solve, then these messages will always give you the right - or necessary - answer. Use these simple five steps: While closing your eyes and being aware of your breathing, gradually calm your mind and relax. Allow the message to be sent to you by opening yourself to a sense of gratitude. Determine your question or problem; form a clear picture of it in your imagination, then send it out into the universe and wait. Whichever number from 1-177 first comes to your mind intuitively, open that page and study the message on it. This message is your answer.
