

Three Jews Walked into a Shopping Center ...: A Memoir

Three Jews Walked Into a Shopping Center, a memoir by Elizabeth Kraft Taylor is a book filled with Jewish humor. The skills Elizabeth developed, after surviving a childhood of poverty and abuse, propelled Elizabeth from creative director to becoming the first female senior vice-president for Simon Brothers, now known as Simon Property Group. She has served on three national corporate boards and became a community leader in the City of Indianapolis. Along the way, she gathered a staff of creative geniuses, broke barriers for women, and most importantly, learned to love herself and others. If you are looking for a book about how to succeed, in business, dont buy this on. The glory days of the 1980s will never come again according to Elizabeth, and neither, quite frankly, will men like the Simon Brothers. Elizabeth Kraft Taylor is an author, esteemed public speaker and philanthropist.
