

Awakening

There is, beyond this Earth, a World of Light. It is a world of great brightness, peace and harmony, where all life exists together without conflict or disturbance. I represent this World of Light. The individuality of human beings is continuous, existing throughout eternity; forever learning, gaining experiences and loving. This eternal progression belongs to the Spirit. All life, all that exists is Spirit. I am also Spirit. My people are now making great effort to come to you, to provide guidance. They come to provide education regarding the truth and reality of the Spirit, to assist you to gain a deeper understanding of the connection between your world and mine. I come on behalf of my people to bring knowledge to you, to help you on your pathway of discovery.
