

## Messages in the Numbers: The Universe is Talking to You

This book holds the key to decoding the secret messages in the numbers you notice around you those repeating patterns on your phone, alarm, computer screen or the digital clock in your car, and even in significant dates, your house number or the number plates on the cars you drive past. In short, the Universe wants to help you! And one of the ways it does that is by sending you messages through numbers. These are messages that the Universe wants to get through to you to help you grow and live a happier, more connected and fulfilling life. Are you ready to hear them? Its easy! Let this super-practical guidebook help you interpret the messages in the numbers so you can receive the guidance that is meant for you.
