

## The Woven Word: A Book of Invocations and Inspirations

This is a pagan tome of poetry and prose designed for rituals, festivals and celebrations. Working with deities, Romany has chronicled invocations and evocations for many Gods and Goddesses, and created clear and crafty quarter calls, circle castings, celebratory prose and meditations. Ritual is broken into its component parts allowing for easy reference and personal adaptation, and the additional correspondences information benefits the creation of unique rituals and celebrations. Created for use by both solitary practitioners and covens, sample rituals are also provided for seasonal celebrations and life events. Romanys personal experiences as a High Priestess give this book an enlightened view of the use of poetry in ritual, whilst her skills in classes, courses and workshops create a solid, practical foundation. Pagans, Priests and Priestesses, initiates new to the Craft, RE teachers and students, and anyone who loves Romanys poetry will thoroughly enjoy this latest work.
