

## The Kivas of Heaven: Ancient Hopi Starlore

Orion dominates the winter sky, flanked by Taurus the Bull on one side and Canis the Great Dog on the other—three key constellations for the Hopi and prehistoric Pueblo People of the American Southwest. When these stars appear in the entryway of the kiva roof, they synchronize the sacred rituals being performed below. Here we see how a complex ceremonial cycle mirrors the turning of the heavens. Join Arizona author and independent investigator Gary A. David as he explores the native legacy of prophecy related to Earth changes and 2012. Stargates, UFOs, Indian Mothman, natural psychedelics, cannibal giants, psychic archaeology, earth chakra lines, and the Hopi-Egyptian connection—this book is packed with fascinating and little-known facts about one of the most mysterious and secretive tribes on the North American continent. You will come away with a deep appreciation of the way the Ancient Ones viewed the world above.
