

Health and Humor

Retired surgeon Charles F. Schafer knows firsthand that reading about health can be boring. He did just that for four years while researching for Health and Humor. Charlie hates to bore folks; hence, he spiced the Health and Humor with many funny moments. Readers will smile and laugh as they read through Charlie's ten zones for health and long life, including exercise, diabetes, food, heart health, obesity, smoking, brain health, use of alcohol and of health supplements. If Health and Humor bores you, Charlie says to email him. He won't refund your money; but he will drop to his knees and beg you to forgive him.
