

The Last Testament of Jesus Christ

The Last Testament of Jesus Christ is what it says. It is the last testament of the Ascended Master, Jesus Christ, on whom all Christianity is based. John Henry Morel takes one final look at his friend before saying goodbye, and it takes about 100 pages to do so, and in the words of the soviet master himself, I have no qualms about leaving. I just wish it had been sooner. In so many words, this is the last statement by the ascended master before his dissolution and dissolvment and removal from existence by the Supreme Magistrate Council and Higher Magistrate Council members. In other words, this is his final eulogy on the last few thoughts he had before being disengaged from substrate matter and metaphysical particle embodiment and returned to matter proper and a new round of embodiments in a universe not very different from this one, or like this one, just not this one, per se. He in fact, mentions his lack of reluctance to do so, given the extraordinary state of things at this time, and how difficult it has been for him these last 2,000 years or more, and he talks about this at great length in Mr. Morel's documentation of the Supreme Masters guilt over this mishandling of society and his own affairs with the ascended hierarchy of this system for the last several thousand years or so. In The Last Testament of Jesus Christ, we learn more about what actually happened on the cross and why he tells it differently than history does today. He also gives us added clues as to what went wrong and when everything hit the fan and came tumbling down on top of him! We also benefit from this book in several ways, because we get to know the real Jesus Christ like never before. And considering that this book has not been edited for content, except for spelling, you are certain to be in for a treat, because he tells it like it is, and like it never has been said before. In fact, he is so off the wall serious about all

of this, he even sounds human. But you will have to read more on this fact, because it goes deeper than that. Imagine propagating a hoax for over 2,000 years or more and beginning to believe in yourself after all that time. There is nothing of that in this book and he comes forward to really be upfront and honest with the reader, like never before, and for the writer, it was a serene pleasure to be dealt with on this level, once and for all, I am certain. The Last Testament of Jesus Christ contains a first hand account of the actual man behind the scenes of what went on over 2,000 years ago and the actual planning of that event by the ascended masters in Heaven. Dont miss this account to learn more about how important you were in the overall equation and how devastating the truth actually is for you.
