

## Upstream Living in a Downstream World

Upstream Living in a Downstream World is the story of one pastor's journey in ministry, a journey that carried the Rev. Daniel Haugen through several parishes, president of Lutheran Collegiate Bible Institute in Outlook, Saskatchewan, and back into parish ministry. But the book is more than story after story of one person's ministry, for each story or group of stories become the foundation for broader theological and pastoral reflection on ministry and the church in our contemporary world.
