

Cindy Jones and the Secret of Craycroft (The Adventures of Cindy Jones Book 1)

Cindy Jones, a sixteen-year-old television investigative reporter exposes a brazen ring of well organized smugglers, led by a very powerful and corrupt politician who makes mega millions by importing children for sale as sex slaves. Cindy and her boyfriend, Matt Avery, the cameraman, are selected by an ancient and righteous force of aliens from the Planet Eton who had been watching over humanity from their base deep within the Earth. Cindy and Matt receive a secret invitation to meet with the Senroids and learn how they would overcome the powerful smugglers while filing the story of their lives. From their base at Craycroft, a vast techno-complex located deep in Tuscons mountains, the Senroids from Eton set in motion a natural balance to humanity's progress. Cindy and Matt receive a special invitation when they are selected as caring and loving characters to expose the criminal network and shut it down.
