

## Communication Intervention: Birth to Three

The only textbook addressing communication based intervention for children under the age of three years, this work identifies children at-risk for developmental delay, details effective assessment and intervention, and provides insight on the unique needs of families. This work offers effective strategies for early intervention professionals in the fields of speech-language pathology, occupational and physical therapy, early childhood education, social work, psychology, and parent education. With extensive information on neonatal intensive care nursery factors, this completely updated edition features a wide range of transdisciplinary intervention approaches, backed up by solid efficacy data.
