

Websters Blue-Backed Speller and New England Primer

Both Webster's Blue-Backed Spelling Book and the New England Primer were basic, foundational textbooks used in the schools of our republic in the 18th and 19th centuries. These two textbooks will prove that our founding fathers expected moral truths to be taught in every school subject. These two valuable basic American textbooks together in one volume remain a valuable teaching aid for home schooling or supplementary help for public school students.
