

## The Code - Book #4 of the God Book Series (The God Books)

The Code is an astonishing book. The presence of God is unmistakable as He reveals in-depth information of long-held secrets of the Illuminatis origins and their plans for all the human races and for Terra as well. He offers detailed information explaining why He could only speak of these matters now. God effectively and neatly ties together each step a Soul takes on and off-world. He also reveals information heretofore unknown about Souls, their migrations, their interplanetary connections and how these connections interact with each race and the ways and means by which all Souls are watched over. He speaks very fluently and decisively in this book and makes it very clear to everyone that He will not brook any more complacency by people. He offers information about Soul Partnerships that occur here and off-world. God reveals information that no one here has been privy to before. God speaks very clearly and VERY determinedly in His quest to abide by the timeline He has been granted. This is the first time any of this information has been permitted to be revealed. The book is very moving, very intense and infinitely beautiful in the way that only God can write ~ Celest and David ~Gods introduction OK now, this is the part where I begin to explain some unknown but crucially important information to each of you. This is only part of the knowledge of certain events and actions that has long been withheld from you. The Lives you change along the way -Do you think it is possible for you as an individual to change someones life who may be thousands of miles away without ever meeting them? Uncivil Behavior -OK Children; in case I neglected to tell you before do not expect Me to epitomize sweetness or to behave in any manner that can be construed as overly laidback in this book or the remaining books of this series. I Speak on War -War is an aphrodisiac for the mentally

challenged and Spiritually deprived. Angels -I do not want any of you to walk into your new lives here without having properly assimilated information relative to true Earth history. Soul Partnerships -There comes a time in every persons lifetime when they will be faced with the choice of either honoring the agreements they originally set into motion long before incarnating here on Earth, or they will choose to break or alter the agreement to pursue other ventures. Fanaticism and Ideology -The topics I have chosen for this particular codex are particularly important because of the causal impact they have had and will continue to have on you each as human beings. The Four Horsemen of the Global Conspiracy -I realize far better than you think I do that some topics I choose may be unpalatable to you, simply because I speak about issues that are difficult for you to bear. A Snapshot for Eternity -Prior to your scheduled departures from other realms to either the Earth Star planet or to another world, you are each sent many imagings which have been predetermined to be the ones to best assist you during your upcoming journeys. A Deterrent to the Preservation of the Realm -You see Children, because the soon-to-be true NEW nature of Terra will be unveiled for all Universes to see and rejoice with, I have decided that.. The Intent of Surveillance -In the defense and preservation of all of the realms We are responsible for, We who are the Creators, Co-Creators and Overseers of each Universe must always be aware of any changes within each and every movement of the realms and Universes. Machinations -OK now, since a part of My mission in these books is to further instill truth in your minds while continuing to have truth displace illusions, I see no reason for Me to stop now. Decoding the Code -Children, when you see the enemy and understand who and what it really is, then you can defeat it through sheer mind-thought. In MY situation, none of Us here can actively intervene or interfere here UNLESS We are specifically requested to do so.. From the Eye
