

How to Become a Witch (Dayanara Blue Star Books)

No witch is just born into being. Becoming a witch is much more than just the initial interest one has due to a movie or book that has been watched or read. Being a witch involves much learning, much reading and a strong desire. There is no how to guide that will lead you down the path to being a witch of any sort. There are many historical references to the power of witchcraft, ways of doing divinations and spells. There is no right or wrong way, a witch will learn as they walk the path. Being a witch is not a lifestyle that allows one to project themselves as a witch when they choose; it is a daily way of life. One must truly question the reasons they have as to the desire to become a witch. Take advantage of this great opportunity and find out all you ever needed to know about becoming a witch. Blessed Be!
