

Depth of Field (A Pippa Greene Novel)

Two weeks in New York City should be the time of Pippas life: shes attending the prestigious Tisch Photography Camp, her boyfriend, Dylan McCutter (two months and counting!) is coming with her, and their parents are 500 miles away. Talk about lights, camera, (swoony, unchaperoned) action! But what should be 14 unforgettable days of bliss turns into chaos when her one and only nemesis, Ben Baxter, proves to be surprisingly more complex than she couldve ever imagined, and her Tisch mentor, a renowned photographer, seems to have a lot more to do with her parents past than anyone wants her to know. Is Pippa out of her depth? Picking up where she left off in *The Rule of Thirds*, Pippa Greene returns in *Depth of Field*, in a story full of the same heart, comedic touches, and romance that made readers fall in love with Chantel Guertins charming YA series.
