

## Coaching vocacional (Portuguese Edition)

Mauricio Sampaio mostra, de uma maneira didática e objetiva, como é possível, com a ajuda de um especialista, escolher uma profissão - e ter sucesso nela. O autor apresenta conceitos e ferramentas que auxiliam profissionais da área de educação e de coaching a se tornarem experts em Coaching Vocacional. Para ele, por meio da mudança de alguns hábitos, da exploração de determinadas competências, de um bom planejamento e de uma boa dose de ação, o coach é capaz de atingir todos os seus sonhos e objetivos de carreira.
