

Retirement Investing Guide: What you need to know to prosper! (MICRO-BOOK series HAPPY RETIREMENT, Volume 1)

This fun Micro-Book about getting your retirement investments correctly invested, has money making tips dripping off its pages. Its written for people who dont considered themselves financial gurus. The series leads the reader through the basics of investing, and shows how to avoid the common pitfalls experienced by many investors. Many colorful fun diagrams and charts reinforce the important concepts. The theme of simple and direct carries over from the diagrams to the story telling, which is written in a succinct manner, allowing the reader to quickly gather the important information for their situation. The book discusses when bond funds are suitable, and when aggressive growth is a better choice. It discusses the level of returns a long-term investor should achieve. Great effort is made to show why the investor should take control of their retirement funds.
