

Suddenly Free, Vol. 3, Triumph

This is the third volume in the series, Suddenly Free. It is a chronicle of what life might be like immediately before the Coming of Jesus Christ. This Coming, will be his Second Coming, to reveal the End of human time on Earth. But before that happens, the Bible tells about all of the really bad things that will happen to the people who are left alive. When? What will it look like? Who will remain? Who will be whisked away in the Rapture? The Bible tells us, but as with all things Scriptural, much of what we know is susceptible to many interpretations. This work of fiction is my imagination at work--some future fiction, some science fiction, some theology. Some romance, and some dreaming. And some terror. The enemy of mens souls, Lucifer, Satan, the Fallen One, is a central figure. Evil is a central theme. We visit the Abyss, the Throne Room, and many places on Earth. There are Beasts, and dragons, maybe hybrids and clones. My belief that the events in the Book of Revelation, the Book of Daniel, and the books of Thessalonians are not just symbology, drives my stories. How do you think it will be? No one knows for sure. Enjoy the ride!
