

## A Question Bank of Traditional Chinese Medicine

Now that you have made your decision to become a doctor of traditional Chinese medicine, you have chosen to enroll in this College. To insure that you have made a wise decision, the College has prepared a detailed study guide which will not only help you undertake your journey through the entire program smoothly but also to prepare you for any licensing examination in traditional Chinese medicine anywhere in the Western world. In order to benefit from this study guide to the utmost, two things you should do. First of all, the questions are listed under different courses, you should study the questions under each course you are taking to make sure that you have done your homework; in the second place, when you have difficulty in finding answers to the questions, you should take advantage of your class time to ask your instructors for assistance and also discuss those questions with your classmates to benefit from classroom interaction.
