

# Dreams That Come True: A Mediums Predictions from the Past and Visions of the Future

Premonitions have been part of Barbara Garwells life for as long as she can remember. A seventh child of a seventh child, she has had dreams about many of the worlds major events before they actually happened. She predicted: the Marchioness boat disaster; the assassination of President Anwar Sadat of Egypt; the Falklands invasion; the devastating fire at Windsor castle; and the murder of John Lennon. This book tells the story of her life and psychic experiences and includes many startling revelations for the future such as predictions about the royal family, the government and dramatic world events.
