Pen it Forward is an inspirational guide filled with story after story that will capture your heart and encourage you to reach out to others with a handwritten letter. What if you could freeze in time the precious moments of your life, those moments filled with wonder, love and delight? And what if you knew you could help fulfill one of the deepest needs of every human being? You can. You can do this with your pen. The greatest happiness in life comes through love and connection and making a positive contribution, and sometimes all it takes to achieve that is the writing of a simple yet heartfelt letter. In Pen it Forward, Ronna Vigil offers examples and prompts that will help you uniquely express your love and gratitude for the people in your life - an expression of the heart that can satisfy your loved ones need for recognition and appreciation. I believe the world will be a better place, our homes a happier space, and our relationships better than ever when we take time to show we care in a kind note or a letter. Even more, your note or letter can be a meaningful gift and life-long treasure. Ronna Vigil
