

Every Word Has Power: Switch on Your Language and Turn on Your Life

Words have power. The very words we say and think not only describe our world but actually create it. They have a profound impact on our lives; in fact, our self-talk produces 100 percent of our results. In this pioneering, practical book, Yvonne Oswald teaches us how to filter unsupportive words to produce outstanding results, changing our perspective, relationships, and ability to manifest our deepest desires. The easy-to-follow formula holistically blends the science of language, physical well-being, and emotional cleansing. The Keys to Success and Happiness reconnect you with your original empowerment blueprint and develop your understanding for a lifetime of success. Every Word Has Power charms all of the senses and delivers powerful, easy tools for change. Tips, exercises, scripts, stories, metaphors, and science are interwoven to create a dynamic blend of quantum self-growth that immediately jump-starts your transformation.
