

Excellent!

Excellent!

This book is a summary of my experiences over seventy-eight years of living. It reflects just how much the world has changed. My reason for sharing these memories is so my children, grandchildren and great-grandchildren will better understand events and people who impacted my life and helped me to become the person I am today. I am hopeful they learn something that could be of benefit to them. My life has been blessed and I want to encourage them to focus on the positive aspects of their lives and realize how fortunate we all are.
