

Cronicas Circulares: Jacques Pierre (Spanish Edition)

Toda la historia es la conquista de las mentiras. El complot eterno que el presente conjura y conjuga como un juego de domino palpitante y creciente, que se derrama avasallando hacia el futuro. Es decir, el motor mismo de sus disfraces. El presente libro reúne una colección de relatos donde la intriga atraviesa hechos imposibles, épocas improbables y futuros cuyo fin está intimamente ligado al pasado.
