

Fetal Pig

Synopsis: FETAL PIG is a provocative mix of intense drama and twisted comedy that explores a coupling that some might describe as sadomasochistic; others may call it familiar. After five years with her boyfriend, Emma wants things to be different. She loves Mark in the same way you can love a beautiful pair of shoes, even though it hurts like hell to wear them. But love or lust isn't enough. Control is fleeting and victimization is a dance that requires a partner. The stage is literally set for Emma to turn the tables. Whether or not she has what it takes will be unveiled right here, right now. Cast Size: 1 Male, 1 Female
