

Two Flutes Playing: A Spiritual Journeybook for Gay Men (White Crane Spirituality)

We had many saints, many heroes, both female and male, but I want to speak here of the saints and heroes of the gay tribes. For this is a period of human history that has been lost through time, whose return is vitally needed. For you know the heroes of the other tribes. But of this small, sacred tribe, whose history has been obscured, you remember nothing. So tells acclaimed author Andrew Ramer in *Two Flutes Playing*. Within these pages can be found insight and wisdom. Ramer serves as a mythologist for gay men, providing evidence to the harmony of gender, love and sex. A new introduction by the author reveals why this book's timeless message has once more returned to print as the inaugural title in the White Crane Spirituality Series.
