

Genesis in Ancient China: The Creation Story in Chinas Earliest Script

Was the Genesis story of Creation recorded in China soon after the time of Moses? Chinas earliest known script of more than 3200 years ago reveals it was. With evidence culled from Chinese mythology and the ancient Classics, you will see how the graph formations of just forty oracle bone characters narrate a story line based on the Genesis chapters one to three. These graph characters re-enact scenes of the creation of the firmament, of man formed from the soil and in the likeness of God, the Garden of Eden, the two trees, the Serpent, the Fall, the banishment, the sacrificed lamb, and mans mandated obedience to God. They speak out in Genesis in Ancient China to reveal the identity of the true God of earliest China to be the same God of Genesis
