

The Practical Guide for Strategy Implementation: A step by step No Nonsense activity level guide for implementing Strategy in 4 months

The reason for writing this book is not only to share the experiences and the successes achieved over the past 18 years of Strategy Execution (although this is one of the main reasons you would want to read this book) but to weave these experiences into a comfortable, easy to use, practical action items with specific Deliverables identified and their customised templates that can be used to add value to your profession, business and organization. The purpose of this book is to show the execution of business strategies in a different light in order to :

- 1) Provide you with lessons learned from practical Strategy Execution project implementations
- 2) Give you creative options for determining the current status of whichever stage you are in the execution process.
- 3) Equip you with a roadmap that is detailed enough but at the same time simple to implement at an individual, department or organizational level.

The book is divided into two sections :

- 1) Understanding Strategy and
- 2) Executing Strategy

The Executing Strategy section is further divided as follows : Phases - I to IV, Month 1 to 4 and then Week 1 to 16. For e.g.: Phase I Month 1 Week 1 Set Business Priorities. It has inputs required, actions to be taken, deliverable for each action, detailed explanation for each action and finally a template that can be customised to your specific organisation by sending a mail to the author on avinashjdeshpande@gmail.com. You have taken the right decision to buy this book. Now get ready to implement it in your own organization or in your professional life through a simple step by step no-nonsense guide for implementing your corporate strategy in four months.
