

## The Green Lovers

From time immemorial, the Green World has allied with humanity, plant spirits teaching the secrets of herbal medicine and magic to those able to hear the call. In this collection, practitioners of plant spirit magic come together to tell of some of their experiences with allies in the Green World. In the pages of *The Green Lovers* you will find: Balms from Agrimony to Yarrow, Banes from Belladonna to Wormwood, and Trees from Apple to Pine, over thirty different essays altogether. Herbal Wisdom including Herbal Magic and the Doctrine of Signatures and the Nine Herb Charm. Essays from contributors such as Alaric Albertsson (Wyrdworking), Kenaz Filan (The Power of the Poppy), Raven Grimassi (Old World Witchcraft), Raven Kaldera (Northern Shamanic Herbal), Ann Moura (The Green Witchcraft series), Christopher Penczak (The Temple of Witchcraft series), and many more!
