

Hang On To Me Mary: The timely and timeless messages from Mary

What would you do if Mother Mary came to your door and said we have to talk? What I did was drop what I was doing, got out my pad and pencil and took notes for nine months. She had some awesome messages she wants the world to know about, like: * Everyone in the world has a special gift that they get when they are born. *We need to get to know our Angels. They make our life so much easier. (and She told me how) *We need to learn how to live through watching animals. (they all have something to teach us) *The thread that holds us all together is LOVE. (in rocks, in trees, in oceans, in people, in animals) And so much more that it filled up 30+ chapters. Non-fiction stuff that could change our lives and help us to find our purpose. She says, We have all the knowledge of the universe within us. Just ask for help to find it Shes waiting now for you to find out who you are what gifts you have to give to the world.
