

Hartrampfs Vocabulary Builder

This work on vocabulary building is both expensive and hard to find in its first edition. It contains a multitude of verbs, adjectives and nouns and groups them into categories for easy use. This is a fascinating work and thoroughly recommended for anyone wishing to expand their vocabulary. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
