

Hello to Hellies World

A Story Activity Book helping to encourage children and adults to find out more about the world they live in. Meet Grandad, Hellie and her friends together with Hellies dog Jaffa. The children learn through play and reflection about their homes, our earth, planets and stars, plants and landscapes, animals, weather and people. There are prompts to help adults talk about complex subjects with their children and answer those searching questions such as 'Whats out there?' and 'Where do I belong?' Themed activities to enjoy with crafts, arts and scientific activities which are linked to the National Curriculum. Ideas and experiences for adults and children to learn from each other. The original colour illustrations and the themed activities in the book as well as more craft and discovery ideas on the related website encourage parents, teachers, carers and children to interact actively. Dont miss out on the chance to share in the excitement of learning and experience Hellies World with your child.
