

# I Was a Potato Oligarch: Travels and Travails in the New Russia

From the best-selling author of *Its All Greek to Me!* comes a wild tale of life and business in the brave new Russia. John Mole went to seek his fortune in the New Russia revolution with his Big Idea of setting up British baked potato restaurants to rival McDonalds and Pizza Hut, and came back with the rights for a revolutionary biotechnology for cleaning air pollution. In between he tangled with fantasists and scientists, Stalinists and Tolkeinists, hopeful oligarchs and hopeless biznismyen, Amuggers and, finally, the mafia. Sometimes sinister, often hilarious and always fascinating, this book is a Russian feast from caviar to samovar.
