

Success & Lunacy: Whats the Connection?

Are You Crazy? Do you dream about the person you'd like to be? Is there another you inside who knows you can make a difference in your career or live the life you've always wanted? This book lays out the rules for success with the perspective that being a little off might be the secret. History shows that the people who end up changing the world are considered nuts until they're successful. Then they're geniuses! Learn how to live out loud, and remember impossible is only an opinion. This book suggests that most people have lost their way on the journey of life in today's fast-paced world. This engaging book shows how conformity can make you invisible to a world that doesn't seem to care. It provides exercises and examples to help you find your true potential and live the life you were born to experience. It's time to stop fitting in when you were born to stand out!
