

Voice Power

The human voice is the cutting edge of your personality with a language all its own which people recognize and respond to immediately. It can elicit a wide range of negative responses- irritation, rejection, even hatred. Or it can bring forth love, peace, happiness and vibrant enthusiasm. Its unlimited possibilities make it your greatest tool.. Voice Power was written by a Speech Pathologist Evelyn Bowling, Ph.D. to promote these concepts. This program and its exercises are contained in the following Chapters: Identifying Whats Wrong with Your Voice, Creating Voice Power with Your Breath and Body, Voice Power Begins with Natural Pitch, Righting Your Resonance, Lucid Power through Likable Loudness, Timing, a Personality Dimension of Voice Power, Voice Quality, Your Sound Essence, Expressive Intonation and Emphasis, Your Trademarks: Pronunciation and Diction, Making Voice Power into a Life-style, Protecting Your Vocal Instrument and Responsibly Guiding Childrens Voices.
