There is a myriad of reasons to why you would want/need to have a better voice, such as... You want to be listened to more instead of falling on deaf ears by other people who cant understand you or cant stand the sound of your voice. You want to have a better voice for occupational reason if youre a singer, actor, speaker, etc., in order to get ahead professionally. You certainly can retrain your voice to give it more control in how you want it to sound from tone, pitch, volume, and even accent by doing a series of vocal training exercises. Within Instant Voice
