

# Introductory Lecture

In the vast satanic brain-center, decorated by the Gargoyle Queen, the Prince of Darkness gathers wool as he stares at the Lake of Fire. He will give the Introductory Lecture to this years crop of students at Pandemonium, Satans War College. Old Diablo will outline his tactical manual for the destruction of souls. The Head Master of Hatred will instruct his little demons to be a trap for zeal, a noose for courage and the gateway to despair. Dont miss the lecture, if you have a soul. Illustrated by the author.
