

## Directory of Irish Family History Research, 2002, Number 25

The Directory of Irish Family History Research, an annual for members of the Ulster Historical & Genealogical Guild and formerly called the Subscribers Interest List, is the most complete record of Irish genealogical research in progress. With alphabetical listings of researchers and their topics, it enables family historians worldwide to publish their research interests and cross-reference them with others. Additionally, articles in each volume cover the latest Guild news, and highlight different aspects of Irish local history, such as lists of public officials and cotton production.
